To Whom It May Concern:

Re: Visa application for **(name of visitor)**

My name is **(student's name)** and I am a student at Anglia Ruskin University. I have just completed my **(course name)** and I am due to graduate from this University on **(date)**.

I would like to invite my **(relation to you, i.e. mother, father)** named **(name of visitor)** to come and visit me in the UK so that they can attend my Graduation ceremony in **(Peterborough/Chelmsford/Cambridge)** on **(date)**.

I would like my visitor to stay with me in the UK for **(number of days/weeks)**.

**Then use one of the following paragraphs depending on whether or not your visitor will be staying with you at your address and whether or not you will be supporting them financially during their stay in the UK.**

**EITHER:**

During **his/her** visit my visitor will be accommodated with me at the current property that I rent **(state your address in the UK)**. Please find attached a letter from my landlord confirming that they agree to my visitor staying with me at this property. My visitor will be supporting themselves financially during their time in the UK.

**OR:**

During their visit my visitor will be accommodated with me at the current property that I rent **(state your address in the UK)**. Please find attached a letter from my landlord confirming that they agree to my visitor staying with me at this property. I will financially support my visitor during their stay in the UK. Please find attached my bank statements to confirm that I have the funds to support them.

**OR:**

During their visit, my visitor will be supporting **himself/herself** financially including paying for their own accommodation.

I very much hope that **(Visitor's name)** will be granted a visitor visa so that **he/she** can come to my Graduation ceremony.

Please don't hesitate to contact me if you require any further information.

Yours faithfully
